Grant's Bakery is Grant owned and operated. We have been serving the Lewiston/Auburn area since 1956.

Many of our customers remember when Irving and Betty ran the store below their family home on College Street in Lewiston. This is where many of our recipes and customers came from. We are proud to say that we continue to serve many of the same products and customers, as we did back then.

We are committed to keeping up with industry trends, expanding to the Internet, maintaining our property, training excellent employees, keeping accurate books, buying local when possible, donating to charities and non-profits. Most importantly, we are committed to making quality products and providing quality service.

Our customers should expect the same great service and quality products every time they visit us. We feel that consistency is extremely important. So please, let us know how we are doing.

Please share with us fond memories of visiting our store as a child, or family traditions that we have a part in, or any other special Grant's story. We are proud of every aspect of our business and hope we can continue to provide the service and products you have come to expect from us.

Please visit:
